# GLOBALSTAR FAU-200 FIXED SATELLITE PHONE

The Globalstar FAU-200 is the ideal cost-effective solution to access the coverage and reliability of Globalstar satellite phone service. For commercial or personal purposes, the FAU-200 provides high-quality, **voice-only** transmissions when traditional landline service is not available.

## FAU-200 FEATURES

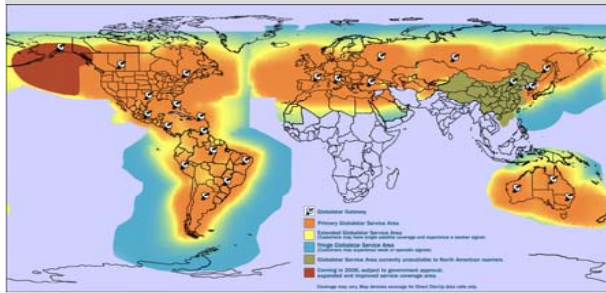

- The FAU-200 delivers digital call quality, with virtually no voice delay.
- Flexible installation - Supports up to three phone jacks on a single phone line. Connection from Fixed Antenna Unit to telephone equipment can be approximately 1 mile.
- Fixed Antenna Unit - The fixed, omnidirectional antennas mean greater reliability. No aiming or calibration are required and there are no moving parts to break or wear out.
- Built for extremes - Antenna and Junction box operational from -22 to 140 degrees Fahrenheit.

Note: **The FAU-200 is a voice-only product.** Data services, call forwarding and roaming are currently not available with this product.
